

# Updates to the Teen and Kid Closet Website

You may have noticed that the Teen and Kid Closet website has a new look! While the website looks different, most things have not changed. For each referral, you will continue to add the same information that you have added previously. Here are the major changes to look out for:

1. Multiple children can now be added to one referral. So instead of submitting one referral for each child that is referred, you can submit a whole family at once, as long as they have the same contact. For each child that you would like to add to the referral, click the “Add Child” button and then enter the information about the child.

CITY *	STATE *

ZIP CODE *	PRIMARY LANGUAGE *
<input type="text"/>	<input type="text" value="Arabic"/>

**ADD CHILD** ←

ADDITIONAL NOTES

You must add at least one child to a referral.

2. Two new fields have been added, one of which is now required:
  - The Guardian / Contact’s primary language (required)
  - The child’s pronouns (optional)

That’s it! Please let us know if you have any questions or run into any difficulties with the website by reaching out at [jessica@teenkidcloset.org](mailto:jessica@teenkidcloset.org)
